

PENDLETON MURDER CASE IS ATTRACTING ATTENTION HERE

Falmouth Woman on Trial for the Murder of Her Husband—Married Chauffeur Ten Days After Husband Died.

The trial of Mrs. Claudia DeWalt Triplett for the murder of her husband, Henry DeWalt, at Falmouth this week is attracting much attention throughout this section of Kentucky. Attorney A. D. Cole, of this city, who has been assisting in the prosecution, arrived home Friday evening from Falmouth. The case went to the jury Friday evening and indications at present are that the case will result in a hung jury.

Mrs. Triplett is 36 years of age and said to be a most charming young woman. Her husband, Henry DeWalt, was a railroad man who met with an accident which caused him to lose his eyesight. He had gathered together quite a little estate and employed a young man by the name of Ivan Triplett to drive his motor car. DeWalt was taken ill with something like influenza and died very suddenly. Ten days after his death his widow married Ivan Triplett, their chauffeur, at Newport and an investigation was started. A chemist who examined DeWalt's stomach, found 22½ grains of arsenic in the stomach of the dead man which caused the indictment to be returned against the wife.

The prosecution charged that the wife murdered her husband by giving him Paris green in soda water but they are backing their charge by circumstantial evidence only, which they have thus far found is not strong enough to obtain a conviction carrying with it the electric chair or life imprisonment as a penalty.

DAVIS-ROBERSON.

Miss Mabel Davis and Mr. Herman Roberson were quietly married at Lexington Wednesday by Dr. J. J. Spencer. Miss Davis is a daughter of Mr. and Mrs. A. T. Davis of near here and is one of Fleming county's most popular teachers. Mr. Roberson is the son of T. B. Roberson of near here and is a prosperous young farmer. They were accompanied by Miss Estelle Auxier, of Covington, a cousin of the bride and Mr. Leslie Williams. After the ceremony the happy couple left for a short visit with friends at Louisville and Shelbyville. — Ewing Enquirer.

FALL FROM LADDER IS FATAL TO OHIOAN

J. A. Childers, Who Fell From Ladder At Peebles, Ohio, Last Week, Dies From Internal Injuries.

J. A. Childers, of Peebles, fell a distance of 30 feet from a ladder Tuesday while painting the roof of the C. E. Bays home in that village, died Thursday from the internal injuries received in the fall. In the fall Mr. Childers suffered the fracture of both wrists, the broken bones coming through the skin in the left wrist. The internal injuries proved more serious than at first thought and Thursday morning his condition took a change for the worse. He died about 2 o'clock Thursday afternoon.

Mr. Childers is survived by five children, his wife passing away about two years ago.

The deceased was 56 years of age and before moving to Peebles lived in Lucasville and vicinity.

TOOK UP HIS BED AND WALKED.

The Vanceburg Sun says: "Sunday night late Washburn was accused of disturbing the services at the church on State. Constable Wm. Litteral being present arrested him and brought him to Marshal Hendrickson, who looked him in the city hall. Monday morning it was discovered that the locks were broken off both doors and the prisoner had taken his departure along with all the bedding. This business has gotten to be of weekly occurrence. How about chaining the next occupant?"

KING'S DAUGHTERS MEETING.

The November meeting of the King's Daughters of the Episcopal church, will be held Monday afternoon at the residence of Mr. and Mrs. Ross Owens on West Fourth street. The hour of meeting will be 3 o'clock. Mrs. Owens will be assisted in receiving by Master Ross Owens, who is keenly alive in entertaining, so after the usual business session a delightful social hour may be expected.

GREAT CROWD IN TOWN TALKING POLITICS.

There was a splendid crowd of country people in Maysville today and politics held sway on all street corners. Several heated arguments on street corners resulted from the gathering.

DEMOCRATIC LIE IS NAILED TO WALL

The Cincinnati Times-Star says in a front-page editorial this afternoon: "Fifty years ago personal scandals and whispered lies against the candidates played a considerable part in American politics."

"Until this year it seemed that we had been getting away from that sort of thing. The Presidential campaigns of the present century have been fought out chiefly in the open, with arguments about principles and the characters and intentions of candidates holding the center of the stage. "This year the Democrats have tried to turn the clock back fifty years. They have attempted to revive that spirit of underhanded partisanship which was quite usual in America. In the day when blackguards attacked the ancestry of the mother of Abraham Lincoln and said that Lincoln himself was illegitimate."

"Most of the energy of the underground section of the Democratic campaign has been devoted to the circulation of a lie about Harding's ancestry. No responsible Democrat has dared to repeat it in the open, but many Democrats have passed it around, hand to hand. There are few voters in Hamilton county who have not run up against this sneaking propaganda in one form or another, and who have not had somebody whisper in their ears in strict confidence, that there is really something in that story about Harding."

"The story is to the effect that Warren G. Harding's grandfather was Amos Harding and that he married Mary Ann Dixon, a negress."

"The story is false in every respect. It even has the wrong names for Harding's grandparents. The Senator's grandfather was Charles Alexander Harding, Charles Alexander Harding's wife, and the grandmother of Warren G. Harding on the paternal side, was Mary Ann Crawford. She was the daughter of Joshua Crawford of Baltimore and Sophia Stevens, whose family lived in Albemarle county, Va. The Crawfords were of Scotch-Irish descent, the family originating in Lanarkshire, Scotland. The first of the family came to America in the Seventeenth Century. The Crawfords appear all through the genealogies of Virginia and are related to most of the prominent families of colonial days in that state."

"There was an Amos Harding among Warren G. Harding's ancestors. He was not the Senator's grandfather, however, but his great-great-grandfather. The name of his wife was not Mary Ann Dixon, but Phoebe Tripp, who belonged to a well-known colonial family of Pennsylvania and was a cousin of Frances Slocum, the lost sister of Wyoming. Amos Harding lived in the Wyoming Valley, Pennsylvania, from 1777 to 1800. He came to Richland county, Ohio, early in the nineteenth century, and died there in 1839."

"As a rule Americans object to lies and particularly to that type of lie which flourishes only in the dark. Unless the character of our people has changed, they will show on Election Day exactly what they think of the subterranean campaign the Democrats have waged during the past three weeks."

"A political campaign that can not be run in the open, free press of America, is not to the credit of any party or candidate."

"We give below Harding's family tree. It is an ancestry of which any American might well be proud. We shall be glad to answer questions about any of the men or women whose names are given and are prepared to prove that there was not a drop of negro blood in any one of them."

Vote for R. F. Galtner for member of County School Board. An experience of 19 years in school work qualifies him for this position.

About two hundred guests and members of the Christian church Bible school attended the Halloween party given at the church last evening. Both old and young were masked and entered heartily into the game and class stunts. Refreshments were served at the close of the evening.

The Latonia Cup race, the last of the present season, will be run at the Latonia track this afternoon. This race this year is worth \$7,000 to the winner. Many local followers of the "ponies" will see the race.

Mason County's non-partisan Board of Education should be composed of such high type men as R. F. Galtner, of Minerva. He is also fully qualified.

Have built finished the season scoring 158 runs on only 173 hits—an average of nearly a run for every hit made.

ABSENT VOTERS BALLOTS WILL CUT FIGURE HERE

Large Number of Absent-citizens Will Vote in Presidential Election From Mason County This Year—Many Ballots Here.

Many Mason county people who are absent from their homes will vote in the Presidential election this year. In the past only a few persons away from home have applied by mail for ballots but this year a total of 127 absent voter ballots have been mailed by the County Clerk. Of the total of 127 ballots mailed away from home 77 were mailed to citizens of Maysville and the others to citizens of the county.

It is understood that the two chief parties are pretty evenly represented in this absent vote. Many of the ballots have been already returned and have been placed by the County Clerk in the boxes for the precincts in which the voters live. These will be counted on all other ballots by the election officers on Tuesday evening.

In past years no more than half the number of ballots mailed away have been voted and returned in time to be counted but this year practically all of them will be received in time to count. All absent voters' ballots must be in the hands of the County Clerk by Monday evening.

GHOSTS WERE AHROAD.

Hallowe'en was celebrated by parties last night at the High School, the First District school and the Christian church. It is understood there will be many Ghost parties in homes this evening. The party at the High School was the annual reception of the Juniors to the Seniors and was quite an elaborate affair closing with a dance.

EDUCATION BOARD TRANSACTS ONLY ROUTINE BUSINESS.

The regular monthly meeting of the City Board of Education was held at the High School building last night. Little more than routine business was transacted. The Board decided that the school buildings should not be opened before 8 o'clock each morning to prevent loafing in the various buildings.

BIG SUIT SETTLED.

The suit of Hurst vs. Hurst, in the Fleming Circuit Court was settled by the lawyers in the case Friday. This was promising to be one of the biggest law-suits in Fleming county in years. Some 72 witnesses had been summoned on both sides. The suit was a family quarrel.

MAKE GOOD PROGRESS IN MOVING HOUSE.

Contractor Enston and his force of men made splendid progress last night in moving the Wood residence from Bank street to Poplar. The house was moved from a point West of Commerce street to the end of Poplar and will now soon be on its permanent site.

NEPHEW OF LOCAL MAN IS BOY ORATOR.

Last night's Times Star contained a picture of Stanley Blythe, 15-year-old son of Mr. Strode Blythe, of Cincinnati, who is proving quite a political orator during the present campaign. Young Mr. Blythe is a nephew of Mr. Pearl Blythe, West Second street barber.

POLITICAL LEADERS BUSY.

Political leaders are quite busy just now with the wind-up of the great campaign. Much interest is being displayed here and it is thought that there will be a most interesting campaign in Maysville and Mason county.

HABEAS CORPUS GAINS RELEASE FOR SOLDIER

Irvin Gifford Gains Release From Jail On Habeas Corpus When Army Officials Fail to Come For Him After Nine Days' Notice.

Irvin Gifford, of the Sardis neighborhood, who was arrested here more than a week ago at the request of Army officials on a charge of deserting from the United States Army at Camp Zachary Taylor more than two years ago, was released from the Mason county jail by Acting County Judge Fred Dresel Friday evening when habeas corpus proceedings were instituted in his behalf.

Young Gifford has been incarcerated here for nine days and the Federal authorities have been notified for that length of time. They have been telegraphed and telephoned and as yet no one has come for him. Authorities and friends of young Gifford, who is said to be a quiet and hard working man, took steps to gain his release from custody and were successful through the habeas corpus.

Gifford bears the best of reputation throughout the section where he lives. He is said to be one of the hardest working young men in Mason county and a man who is highly respected. His friends came to his rescue promptly and should the Federal authorities want him to answer the charges, it is said he will surrender himself to them but it is the opinion of local authorities that the government has dropped the matter.

LAWRENCE PREDICTS HARDING'S VICTORY.

David Lawrence, probably the greatest political writer of the day, in his copyrighted articles appearing in the big city dailies today, predicts the election of Senator Harding to the Presidency. He gives Senator Harding 339 electoral votes and Governor Cox 192. The number of votes necessary to election is 265.

R. F. Galtner, of Minerva, is one of the best qualified school men in Kentucky. Can't you vote for him as a member of Mason County Board of Education Tuesday.

FIFTH STREET RESIDENCE SOLD.

The Wood-Ewan Realty Company today sold to John and Ella Heffernan the two story frame residence in Fifth street known as the "Crane Property."

BOOTHS BUILT; ONLY TWENTY TO BE SOLD

Business Men Must Act Quickly If They Are To Have Booths at 1920 Corn and Tobacco Fair.

The Maysville Lumber Company's force of men have about completed the work of building the booths in the Liberty Warehouse for the 1920 Corn and Tobacco Fair and the interest in the sale of these booths continues to grow daily.

The workmen have been on the job for several days and the booths will be quite as attractive as ever before. It was announced at the Chamber of Commerce today that there were but twenty more booths to be sold and as soon as all of the booths are sold there will be a drawing for position in which the booth owners will take much interest. As soon as the booth locations have been assigned the owners can begin the decorating and this year they will be given much more time than usual which will mean that the booths will be much more attractive than heretofore.

Merchants desiring booths should let the Chamber of Commerce know about it immediately.

CLASS ENTERTAINMENT IS ELABORATE AFFAIR

Reception to Class of '21 By Class of '22 Is Decidedly Best Entertainment of Kind Ever Given at M. H. S.

The entertainment given the Senior Class of '21 by the class of '22 last night at the High School was decidedly the most elaborate affair of its kind ever given in M. H. S. Over one hundred and fifty invitations were issued, and about one hundred and seventy-five people were present.

Col. Fred Bassett, known as the funniest man in Kentucky, and very well known in Maysville, was on the program for the evening. He entertained the company for some time with his jokes and representations.

Light refreshments, consisting of ice cream, cake, salted almonds, and mints, were served; and punch throughout the evening. Dancing was the order of the evening, although there were diversions for those who did not dance. Quite a bit of amusement was created by the fish pond, kewpie doll and candy booths, which accompanied the masque carnival. The music for the dance was furnished by the Hubbard Saxo quartet.

NINETEEN MISSING WHEN TWO SHIPS CRASH TOGETHER

Large Concrete Vessel Goes to Bottom of the Sea in Three Minutes After the Crash.

Newport, R. I., October 30.—Members of the coast guard crew stationed here reported, early today, that no trace had been found of any of the 19 missing members of the crew of 34 who were on board the concrete steamer Cape Fear when she sank in Narragansett Bay last night in collision with the Savannah line steamer City of Atlanta. The Cape Fear was struck amidships and sank in three minutes, going down bow first in 129 fathoms, the greatest depth in the bay. The City of Atlanta's bow was crushed but her bulkheads held. The Cape Fear went down so quickly that the majority of the crew had to jump into the water. The Cape Fear was outward bound for Norfolk in ballast. The City of Atlanta was bound from Savannah for Providence with a cargo of pig iron.

SEARCY PREDICTS VICTORY IN KENTUCKY.

Louisville, Ky., Oct. 29. — Chesley H. Searcy, chairman of the Republican State Campaign Committee, tonight issued the following statement: "Insofar as the actual work of the state headquarters is concerned the fight is over. The men and women of Kentucky have the facts. It remains for them to go to the polls next Tuesday and render judgment. Kentucky's desire to share in the impending national victory will be expressed in a Republican majority in this state on election day. As a conservative estimate I expect Harding and Coolidge and Richard P. Ernst to receive a majority of at least 21,000 in Kentucky. We confidently expect to increase Kentucky's republican representation in Congress so that during the next national administration our state shall assume and exercise her proper influence in national affairs."

LITTLE INTEREST IN SCHOOL ELECTION.

For the first time, some little interest was shown here this afternoon in the County School Board Race. Farmers in the city were talking over the candidates considerably today. In some precincts the race will be a most interesting one while in other precincts no interest is being taken.

COURIER-JOURNAL SAYS
HARDING WILL TRIUMPH

Calling attention to its previous successful forecasts in national elections, the Louisville Courier-Journal, probably the leading Democratic paper of the South and a warm partisan of Wilson and the League of Nations, admits on the basis of present reports the election of Senator Harding by a majority of 82 votes in the electoral college. It says: "It must be admitted that any tabulation of the electoral votes of a non-partisan nature indicates at the present time success for the Republican ticket."

WOMEN NEED

Lydia E. Pinkham's Vegetable Compound Surely Removes Suffering and Pain. Here is Proof.

St. Paul, Neb.—"I suffered with periodical pain for about four years so that I was unable to do my work at times. A friend told me about Lydia E. Pinkham's Vegetable Compound and I took it. It soon stopped all my suffering so that I am now feeling fine in every way. I recommend your medicine to my friends who have similar troubles. You may publish this letter for the benefit of other women."—Mrs. WILL THOMAS, St. Paul, Neb.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and today holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham Laboratory at Lynn, Mass., seem to prove this fact.

For forty years it has been the standard remedy for female ills, and has restored the health of thousands of women who now are free from suffering by its use.

"The Wires are Already There—"

Sometimes, when folks order a telephone, they say: "It won't take you but a few minutes to install it, because the wires are already on the house."

BUT—

The circuit from the house all the way to the telephone exchange is the one that really counts—

That circuit is released—used for some other subscribers—when a telephone is removed.

Another must be built up for you before your telephone can be installed, and that takes time and work—

That is why it takes longer than "just a few minutes" to install a telephone—because there is a great deal more to do than simply to fasten the instrument on your wall!

H. C. L. BIG ISSUE.

"It is becoming more and more plain as the campaign progresses and the people begin to think seriously of the arguments advanced by the respective parties that the League of Nations is not a live issue with the American people," says Senator Penrose, of Pennsylvania, in the New York Times. "They will become more interested in the next few months in the high living costs, the economical things near to them, such as the many direct taxes imposed in war times. I would not be surprised to see economic matters, such as taxation, high costs for the necessities and profiteering, absorb the entire attention of the voter and eclipse the big issues proclaimed as vital in the party platforms."

Topeka Capital: "Railroad cost of living has increased even more than the cost of living for everybody in the country, according to a circular issued by the Rock Island showing the heavy increase in the cost of equipment and the necessity for efficient operation on the part of all employees with a view of getting maximum service out of the equipment."

"Locomotives, for which the railroads paid \$27,876 in 1914 now cost \$75,750 or an increase of 171 per cent., it states. In 1914 a railroad had to pay about 5 per cent. interest charges on funds invested in locomotives. Today the road must pay about 7½ per cent. A box car could be bought in 1914 for about \$1,000. Today it costs nearly \$3,000. This is an increase of 200 per cent."

Camden Post-Tribune: "Camdenians who feel the increased pinch of higher rents and boosted trolley, gas, railroad and ferriage rates are told by the Federal Reserve Board that with the exception of food there is an 'important downward tendency' in prices of all commodities in all parts of the country."

"They may find it difficult to believe that old High Cost of Living has received a solar plexus, but the Federal Reserve Board says, like the late Dr. Munyon: 'There is hope!'

"Prices for anthracite coal were advanced 80 cents a ton on all sizes with the exception of a pea coal, where the advance was 75 cents a ton, by dealers in Philadelphia and vicinity yesterday, the day the new freight rates went into effect."

Minneapolis Tribune: "The people of this country have four main thoughts with respect to the railroads. First, that transportation service be efficient, impartial, and continuous; second, that railroad labor be compensated with wages that take into account not only the cost of living, but the skill, the strain, the responsibility and the hazard involved; third, that the companies be permitted to earn enough to meet adequate payrolls, maintain properties expanded them with the growth of traffic, and pay holders of legitimate securities a fair return on their investments; fourth, that the roads be operated privately and be regulated by the government."

Muncie Press: "The tariff will become an increasingly vital issue in the present campaign, if we mistake not. Figures showing the vast amount of revenue we have lost in the last seven years during which the Democratic tariff law has been operative, are available and should open the eyes of those who affirm that 'the tariff is a dead issue.' In that period of seven years, our imports in value were slightly under \$20,000,000,000 and from these a revenue of \$1,631,000,000 was turned into the Federal treasury. In the previous seven years, 1913-1920 inclusive, under a Republican protective tariff policy, our imports aggregated about \$10,000,000,000, or about half of those of the last seven years, and yet the revenue from that ten billion was \$2,200,000,000 or far more than a half billion dollars in excess of that when the imports were twice as valuable."

St. Joseph News Press: "Food prices are very high. Clothing and shoes are expensive, and coal, it seems is difficult to obtain at any price. Millions of people are injuriously affected thereby and complain about it. So the federal government seeks to discharge its duty in the premises by sending out flocks of detectives, special agents and district attorneys to see whom it can put in jail."

Nevertheless, it must be admitted that if the same official energy spent in looking for a villain were devoted to looking for better methods of production and distribution—particularly distribution—it would get better long-run results; but there would be fewer thrills."

New Jersey Mirror: "In this campaign the political party which can convince the country of its sincerity in promising to substantially reduce the great burden of war taxes under which the people are groaning, will have won a great if not a decisive advantage. We hear a great deal and read more of the League of Nations, of one man rule in this country and of other issues woven into the Presidential campaign, but, after all, we doubt whether there is any subject which more vitally interests the average voter than that of lessening the accumulated weight of taxes imposed under the Democratic administration."

St. Louis Post-Dispatch: "The connection between Mr. Palmer's furious battle against the profiteers and continuous and burdensome increase, not ameliorated decrease, in prices seems too close to escape the attention of the harassed and stricken consumers. They will not fail to note that the recent fall in sugar and other commodities was absolutely disassociated with any legal measures instituted by Mr. Palmer or anybody else and came about solely because the towering structure erected by the profiteers had toppled from its own weight and insecurity. Will coal go down for the same reason?"

MRS. M'DOWELL
PLEDGES VOTE
FOR HARDING

"Because it has been mis-stated in a Louisville newspaper that I was going to vote for Governor Cox, I wish to say that I am going to vote for Senator Warren G. Harding."

This statement was made by Mrs. Robinson A. McDowell, leading Louisville woman, who has been prominent for some years in welfare work and was active in patriotic enterprises during the war.

She is "strongly opposed to Senator Beckham. 'Some time ago,' continued Mrs. McDowell, 'the Louisville Times quoted me as favoring Governor Cox for President, when, as a matter of fact, I had not reached a decision as to how I would vote. Since then I have examined both political platforms very carefully, I have read speeches of both candidates, and I have studied the League of Nations till I know it like a multiplication table—and as a result I am going to vote for Senator Harding.'

"My first reason is that I believe Senator Harding is right in his stand on the League of Nations. I agree with him in favoring the idea and the ideals of the League, but I cannot support the plan the present covenant contains. Furthermore, when I compare Democratic speeches and arguments with the text of the League of Nations, I find that they invariably misrepresent the printed text."

As an article of commerce sugar was not known among the ancient Greeks, and it is not mentioned in the Bible.

Experience has taught us that Tobacco handled properly in the barn and GRADED there always makes the most satisfactory sales.

As Warehousemen we have an interest in the Grower and want tobacco to sell as high as possible, therefore we have decided to DISCONTINUE THE WAREHOUSE SORTING and request all to KEEP THE DIFFERENT GRADES SEPARATED, and mark on the wagon with Tobacco Stalks, Corn Stalks, or Paper, so that it can go directly on the basket without the formality of passing over a bench and scattered over the Warehouse floor.

This method is used by the largest market in the state, and we feel that with the co-operation of all Growers in this territory the results will justify the change.

SUNDAY SCHOOL LESSON
OCTOBER 31, 1920.
Topic: Complete Destruction of the Liquor Traffic, Matt. 7:15-20.
REV. J. J. DICKEY.

The Eighteenth Amendment to the constitution, would seem to put an end to the liquor traffic in the United States; but there is a large class of people who are making herculean efforts to continue despite the amendment. Their method is to have the enforcement law so modified that beer and wine may be sold containing enough alcohol to intoxicate. They want the Volstead act amended, which allows only one-half of one per cent. These people are doing their best to accomplish this by electing members of the House of Representatives who are pledged to vote for modification; and they are encouraging boot-legging to make the impression that prohibition can not be made to prohibit. This makes it highly important that all friends of prohibition be alert. We should be careful in the election of officers of every kind, lest we weaken the effect of prohibition laws. An officer who will not faithfully enforce the law is not worthy of any man's support.

Again the friends of prohibition will do well to keep posted as to the effects of prohibition in the country at large. Both the secular and religious papers have much information on this subject. Perhaps one of the strongest evidences in favor of prohibition is the closing of the work houses for criminals in the cities, both large and small. Chicago, Peoria, Boston and many cities have found it unnecessary to keep these houses open longer.

The arrests for drunkenness have fallen off to such a great extent that the rock pile is deserted. Law and order are observed to a degree unknown before. Millions of homes are now happy that were once miserable on account of drink. In some places there are gross violations of the law from lack of efficient policing. Men who had acquired the taste for alcoholic liquor find it hard to desist, and will go any lengths to get liquor. Millions have quit and are happy. Those that continue are miserable. This element of society will soon consume all the liquor that remains, and will then die. We will have to be content to raise up a new class who will not acquire the appetite, then it will be an easy matter to make prohibition effective. We must prepare ourselves for this experience and not allow ourselves to become too anxious. It took twenty years to establish prohibition in Kansas. There is a long hard fight ahead of us, and let us go into it boldly, satisfied it is right. The constitution

tutional amendment will never be annulled, but it can be made ineffective. European ships loaded with liquor are smuggling their cargoes into port. That will be eventually stopped as far as other articles are kept out. We must cultivate and keep alive a healthy moral sentiment on this subject, and remember that "eternal vigilance is the price of liberty!"

KENTUCKY DESPERADO FORGOT HE MURDERED.

Arrival of relatives of Thomas Mahoney, 60, shot and killed in Joseph Jansen's saloon, Pike and Russell streets, Covington, Ky., Wednesday night is awaited for the completion of funeral arrangements. Mahoney lived in Irouton. Coroner Stephens, in his formal verdict, declared that the bullet causing Mahoney's death was fired from a revolver held by Michael Ward who is under arrest following a battle with the Cincinnati police. Ward still maintains he was so drunk that night he does not remember the shooting.

Ward is a native of Bourbon county and he and his four brothers were considered the Kentucky "Jesse James gang."

GOOD HEALTH HINTS
Oklahoma Farmer Gives Sound Advice on Avoiding Sickness.—Used Black-Draught 30 Years.

Cameron, Okla.—"I have used Thedford's Black-Draught for about thirty years, and certainly ought to know by this time what a good medicine it is," says Mr. T. L. Hostler, a well-known farmer of this place. Mr. Hostler has passed his three-score-and-tenth year, but declares his health still is good, "and I can say Black-Draught did its part."
"Where there is a lot of malaria, a liver medicine is a necessity, and I have never found one better than Black-Draught," continues the Oklahoma man. "It is one that I know to be reliable. I sure use it for the liver, stomach, constipation, indigestion, and it has done me a world of good. We use it for the family, and it gives satisfaction."
"Most trouble, or sickness, comes from the liver, and if taken in time can be avoided. That is why I use Black-Draught as I do. I am much pleased with results obtained."
"Thedford's Black-Draught is purely vegetable. It acts on the bowels, gently stimulating the liver, and helps increase the normal flow of bile into the intestines. It assists in the digestion of food, and relieves constipation in a prompt and natural way."
Ask your druggist for a package today. Insist on Thedford's. NC-139

What do your feet "say" at night?

CAN'T you almost hear them "sigh" with relief as you free them from the torturous shoes? Don't they "say" they could hardly have stood another hour of such discomfort? Do you know you can secure shoes that will enable you to go all day long without unduly tiring your feet, without making them ache or cramp? Arch Preserver Shoes offer these advantages, because the correctly designed last and the special arch construction preserve your foot arches. You'll get a new idea of foot comfort and foot health when you wear Arch Preserver Shoes. We are showing Arch Preserver Shoes for women and nurses in boots and oxfords for all occasions.

LETTER OF MRS. ALICE P. BOYD.
(Ky. Rep., October 23.)

Sisters, have you studied this League? I have, and I really believe it is a twin-sister of the almanac of 1916. "He kept us out of war." I always try to stand up for our government under any administration, but the present administration has not left us a single plank to stand upon—and Cox says if he is elected he will carry out Wilson's plans to the letter, and that he and Wilson are one on the League of Nations.

Mothers, sisters—can't you see the "handwriting on the wall?" God has always favored the American people in this—America's great hour of need, when faithless hands would place the freedom of our country in chains of European bondage, and pledge our boys to participate in all foreign wars; and yet give England six votes in this League, while poor old Uncle Sam has but one vote (placing us back very nearly to where we started in 1776, isn't it?—taxation

without much representation). God has given—through the agency of the Republican party—the right of suffrage to the women of America. In all the history of the nation woman has never failed to do her part in any emergency—bravely, patiently, untiringly fulfilling any duty that is placed upon her. Now that the laws of our country have made it not only a privilege, but a duty for every woman of voting age to go to the polls and vote—will she fail in this? Surely not.

When the war came the women stepped bravely forward, some caring for the wounded on the battlefield; some filling the places left vacant by our soldier boys; some looking after the Red Cross and mercy work at home—and all with untiring patience cheerfully practicing rigid economy that our soldiers might be fed and clothed. Still some say "It is a disgrace for a woman to go to the polls and vote." Did the fact that our women labored so diligently to help win the war disgrace them? O mother, if you saw your helpless child falling into a blazing fire would you consider it any disgrace to help him out? But how much more better is the thought that our children and grandchildren shall be pledged to participate in foreign wars, without even reserving the right for our American Congress to say when they shall go to war. Could the mere fact that any woman goes to the polls and votes disgrace her? Certainly not.

Think of this, mothers, sisters—we are responsible to God for our children, and must also answer to Him for the use we make of this God-given right—nay duty of voting. Get busy, sisters, where will you place your vote? You didn't want woman suffrage? Neither did I. I felt that the men were still capable of running our Government, and someone—but one has failed signally. I didn't want the war—neither did you; but when it came we all tried to do our bit to help win. America has never failed yet, and God doesn't want her to fail—that is why He doesn't want her entangled with a lot of pig-headed kings, and heathen nations that will not even accept God's missionaries. "Lord God of hosts, be with us yet! Lest we forget! Lest we forget!"

I must give an account to God for what I am writing now, and sisters, as sure as there is a God above us, I would be burned at the stake before I would vote for this League of Nations.

Two hundred boys from the Naga hills tribes of Assam went to war in France, and all were baptized into the Christian church while in the army. Upon returning home every one donated a month's pay to mission work as a thank offering for their preservation.

THIN PEOPLE SHOULD TAKE PHOSPHATE

Says Nothing Like Plain Argo-Phosphate to Pot on Firm Solid, Stay there Flesh and Muscle and Increase Strength, Vm, Vigor and Nerve Force.

Physicians claim there is nothing that will increase weight, strength and endurance like organic phosphate commonly known by druggists as argo-phosphate; it is inexpensive and is sold under a guarantee to give satisfaction or money refunded. Weakness and thinness are usually due to starved nervous conditions.

Our bodies need more phosphates than are contained in the foods we eat. If you wish a more rounded figure and plump well-developed arms, neck and bust in place of hollows you should simply take plain argo-phosphate as it builds up and restores run-down nervous conditions by phosphatizing the system. It transforms the appearance and an increase in weight is often times quickly produced.

The increase in weight also aids in improving the general health. Sleeplessness, nervousness, lack of energy, and ambition quickly disappear.

Pale cheeks are changed to rosy ones and dull eyes become bright.

Miss Lena Brown of Atlanta, Ga., who only weighed 90 pounds reports that she gained 10 pounds in two weeks time and says argo-phosphate has made a different person of her and she has never felt better in her life.

SPECIAL NOTICE—Owing to the fact that so many physicians and druggists are recommending argo-phosphate for relieving all nervous, worn-out debilitated conditions and the unusually large sale for argo-phosphate there will be found in the market numerous substitutes for the genuine article. All imitations are inferior preparations and owing to its unusual fresh producing qualities it should not be used by any one unless they desire to put on flesh and increase in weight. Dispensed by J. James Wood & Son.

SURVEY BEING MADE FOR CANAL.

Inspection of southern portion of the Miami-Erie Canal' bed was made Saturday by three U. S. Army engineers, who are surveying four proposed canals to connect Lake Erie with Ohio River.

The engineers held a formal hearing Friday, when arguments, were presented for a Cincinnati-Toledo route. They will report to General Lansing Beach, chief of engineers.

None would express an opinion on the Cincinnati-Toledo route. All agree, however, data offered in argument was thorough and convincing. Congress will make the final decision in locating the canal.
